Your Future Shopping Experience

# Challenges

- Having difficulty in finding an outlet that suits their fashion sense
- No idea where to get the specific kind of outfits
- Time wasting for choosing clothes
- Do not have exact idea on their wearing style

# Solution

Consumers  
update  
their  
clothing  
style in app

Our AI  
System  
suggests  
clothes,  
outlets and  
online retailer  
according to  
their interests

Customers  
can pick and  
add the  
clothes to  
their wishlist  
in app

Staff is  
notified and  
prepares the  
clothes  
based on  
customers'  
wishlist

Customers  
can try the  
clothes the  
moment they  
reach the  
outlet
