PROBLEM

Here got ...

.. here also got

“SOLUTION”

CONTROL

TRAFFIC

INTEGRATED PAYING SYSTEM

DIFFERENCE BETWEEN NORMAL CARPARK AND OH PARK

NORMAL CARPARK

- Have to spend time on finding a parking space
- No confirmation of getting a parking space
- Have to pay through autopay machine
- Cars will still be able to enter reserved space

OH PARK

- Save time on looking for parking space
- Confirmation of a parking space
- Amount due directly paid thru the app
- Barrier to carpark will only open if number plate is correct

WHEN YOU WANT TO SAY OH ****,

REMEMBER OH PARK ;)
