Hard to find
parking

Problems or
Challenges

Difficult to find
their car

Found difficulty
to choose their
fashion

Solutions

- Know how many parking lot remain (parking problem)
- Reserved parking lot in advanced 30 minutes (parking problem)
- Fashion will be recommended by SASSY based on their gender and age or previous data (fashion problem)
- SASSY will show the right way to the car from their current location
- Customers can share their current location to their friends, so friends can easily meet up with them
